## U. S. MAY RECOGNIZE REBELS

### LAU CHONG INDICTED FOR INTENDED MURDER

HIS CROSS CHARGE AGAINST THE MAN HE SHOT OF ASSAULT ON HIM WITH A HAMMER DOES NOT GO WITH THE GRAND JURY—HE PLEADS NOT GUILTY AND PROMPTLY FURNISHES BOND OF \$2500.00.

Lau Chong was indicted yesterday for assault with intent to commit murder. He is charged with shooting and wounding Chun Sai Chong in Sun Wo's jewelry store on October 11. The grand jury found no bill against Chun Sai Chong, on the cross charge of Lau Chong accusing him of first assaulting him with a goldbeater's hammer.

On being arraigned before Judge De Bolt this morning, Lau Chong pleaded not guilty. E. C. Peters appeared as his counsel. Defendant's bond to appear for trial was fixed at \$2500, which was promptly furnished with Y. Ahn, an old rice planter, and Lau Tong, as sureties.

Kanagawa's trial for murdering a

woman at Judge Lindsay's residence will have its date appointed on Saturday of next week. For preliminary purposes S. F. Chillingworth is his counsel, who will inform the court on or before the day mentioned whether he will conduct the defense. If he or some one else be not retained by the defendant, the court will assign counsel for him. Under the law of 1909 assigned counsel for indigent defendants are paid by the Territory, the amount of fee being in the discretion of the court. Formerly nothing was paid to assigned counsel.

A nolle prosequi was entered for Ah Nim and thirteen others, who appealed from a District Court sentence of \$5 and costs each for being present at a gambling seance.

### TO COMBINE CIVIC CLUBS

At the request of J. F. Morgan, now absent on the coast, Fred Macfarlane at a meeting today brought to the attention of the board of governors of the Commercial Club the suggestion that the Commercial Club, the Chamber of Commerce, the Merchants' Association and the Hawaii Promotion Committee form a great combine, pooling their interests, and running all concerns as one.

The idea was thus advanced as preliminary to more serious discussion by the Chamber of Commerce upon the return of Morgan. There is already considerable opposition to the scheme, certain leading business men declaring that while it is not a bad idea from the standpoint of receiving and entertaining distinguished visitors to Hawaii,

there are certain interests of the various institutions that would hardly harmonize in one great organization, and that better work can be accomplished separately.

However, the matter has been started and there will be a meeting of the Merchants' Association this afternoon at which the subject will probably be brought up for general discussion.

The idea of the Chamber of Commerce is to realize its long desired building, which once acquired under the combine scheme would be rented in sections to the various branches of the combine which are now independent as the Merchants' Association, the Chamber of Commerce, the Promotion Committee and the Commercial Club.

### ROUND THE WORLD VIA HONOLULU

S. S. CLEVELAND FROM NEW YORK REACHES HAWAII EARLY NEXT YEAR.

On October 16 a novel round-the-world party sailed from New York on the Hamburg-American liner Cleveland. The tour was curiously planned, for instead of the passengers being transferred from one vessel to another, as the several sections of their journey are covered, they will keep to the Cleveland until the voyage ends at San Francisco at the beginning of February next. The itinerary will be by way of Madeira, Gibraltar, Naples, Port Said, the Suez canal, Cairo, (three days for the Pyramids and the Sphinx), and Bombay. India demands a call of seventeen days, no more, for visiting Delhi, Agra, Cawnpore, Lucknow, Benares and Calcutta, with the option of a trip to Darjeeling and the Himalayas; and from Calcutta the party will proceed to Rangoon, Singapore, Batavia and Hongkong.

From China the voyage is continued to Japan, where 15 days will be spent, the return stages including Honolulu, San Francisco, and train to New York. The tour includes over 23,000 miles of sea-voyage and 4000 miles by rail and river steamers.

### MORTGAGE DEFEATED

SEVERAL DEFENDANTS WIN RULING—COLLINS GAINS POINT IN DEFENDING HIS RIGHTS.

In the suit of H. Hackfeld & Co., Ltd., against Frank A. Medcalf and others for foreclosure of mortgage, a motion by C. F. Peterson was denied which was to strike out of the complaint the parts making Kawaauhan Akina, Maria Kai, John Kaiu, William Kai and David Kaluna Kai, the heirs of J. A. Akina Jr. and Maria Kekula Akina, parties to the mortgage in question bound thereby. An exception was noted for defendants.

Afterward the demurrers of certain defendants were argued by C. C. Bittling for plaintiff and W. C. Achi and C. F. Peterson for defendants, with the result that Judge Robinson ordered.

"The demurrers of the demurring defendants are sustained on the first ground stated, to wit, 'That said bill of complaint does not state facts sufficient to entitle complainant to the relief prayed for, nor to any relief,' and plaintiff is allowed five days in which to amend."

Mr. Bittling noted an exception. The injunction previously issued was continued in force until further order of the court.

Judge Robinson overruled the demurrer of defendant to the bill of foreclosure of mortgage of E. A. McInerney vs. Eugene K. Duvauchelle. Bittling for plaintiff, Quinn for defendant.

Lin Hop Co. vs. Buckingham & Hecht and Bishop & Co., garnishee, came on for hearing before Judge Robinson, jury waived, Peters appearing for plaintiff and Olson for defendant, when Peters stated he would file a discontinuance.

E. C. Peters for complainant stood off the demurrer of defendant in the injunction suit of C. R. Collins against S. M. Damon and others. C. H. Olson represented the defendants. Peters under a rule of court objected to the court's hearing the demurrer on the ground that the demurrer did not distinctly specify the grounds on which the objections were taken. Judge Robinson sustained the point raised and by consent the defendants were allowed five days within which to file an amended demurrer. The case is connected with the action of the Austin estate of Boston to cancel the lease to Collins of valuable business property on King street. Judge Robinson granted a divorce to Shige Okura against Yochiro Okura for extreme cruelty. Choking, beating, bruising and threatening to kill were specifications.

### FISHING LICENSE FEE FOUND VALID

Shortly following its decision finding the law not unconstitutional under which laundries are required to pay a license fee, the Supreme Court today affirmed the decision of Judge De Bolt which held the law imposing a license fee on fishing boats having a beam of thirty inches or more to be constitutional and valid. Chief Justice Hartwell is author of the opinion, which overrules exceptions to the conviction and fining of Matsubara \$5 and costs for operating such a boat without a license. Deputy County Attorney Milverton had argued the case for the Territory, and R. P. Quarles for the defendant. The syllabus of opinion follows:

"Act 96 S. L. 1907, requiring a license fee of \$5 for a fishing boat with

a beam of 30 inches or more, is not in conflict with Sec. 95 Organic Act, declaring the fisheries in the sea waters of the Territory not included in any fish pond or artificial enclosure free to all citizens of the United States, or under Sec. 55 prohibiting the granting of special privileges or immunities, or because it is discriminatory class legislation or unreasonably classifies boats required to be licensed or prohibits a useful occupation or denies equal and uniform protection of the law, although at the date of the act native Hawaiian outrigger canoes with a beam of less than 30 inches had mainly been replaced in fishing for profit with Japanese boats with a beam of 30 inches or more, since the act applies to all who use such boats for profit."
